## A Warning.

The modes of death's approach are various, and statistics show conclusively that more persons die from diseases of the Throat and Lungs than any other. It is probable that everyone, without exception, receives vast numbers of Tubercle Germs into the system and where these germs fall upon suitable soil they start into life and develop, at first slowly and is shown by a slight tickling sensation in the throat and if allowed to continue their ravages they extend to the lungs producing Consumption and to the head, causing Catarrh. Now all this is dangerous and if allowed to proceed will in time cause death. At the onset you must act with promptness; allowing a cold to go without attention is dangerous and may cost you your life. As soon as you feel that something is wrong with your Throat, Lungs or Nostrils, obtain a bottle of Boecher's German Syrup. It will give you immediate relief.

NEW ORLEANS, La.

I suffered with catarrh for many years and got so deaf that I went about my Museums, Circus and Theatre giving directions and doing business with a big ear-trumpet at the side of my head. It was very annoying to me and amusing to those who saw me. By the advice of physicians I sought the climate of the Sunny South. In six months I could see no change and was discouraged. At this time I began using Chalmer's English Catarrh Cure. In three months I felt a new man, in six months my hearing returned. I refused to give a testimonial at once for the English Catarrh Cure, as I feared it was not permanent. But a year and more has now passed, and I can now heartily indorse Chalmer's English Catarrh Cure for the cure of catarrh and deafness.

## FOR SALE.

Standard-Bred Trotting Stallion, ROMEYN.

ROMEYN IS A BAY WITH BLACK POINTS, about 16½ hands high, of fine style and immense muscular development, four years old, by Mambrino Wilkes, dam by General McClellan, second dam by Holden's Blackhawk. Experts will see at once that this is the choicest breeding, and a glance at the colt will suffice to show that he is a remarkably fine "individual." He took the first premium as a two-year-old standard trotter at the California State Fair of 1886, at which Fair was the finest and largest exhibit of horses ever shown at any State Fair in California. He is registered in Wallace's Register. For further particulars enquire at the Fair grounds of A. L. BINDS, or of IRVIN AYRES.

DAILY NEVADA STATE JOURNAL  
C. C. Pawning Editor & Proprietor  
SUNDAY..... SEPTEMBER 23, 1888.  
NATIONAL  
Republican Ticket.  
FOR PRESIDENT,  
BENJAMIN HARRISON  
OF INDIANA.  
FOR VICE-PRESIDENT  
LEVI P. MORTON,  
OF NEW YORK

"Taxation," says President Cleveland in his letter of acceptance, "has always been the feature of organized government the hardest to reconcile with the people's ideas of freedom and happiness." And yet in that same letter of acceptance he gives his unqualified endorsement to a system of taxation which takes more than one hundred millions of dollars annually from the people of the different States by internal taxation to be added to the surplus in the treasury, which he now places at one hundred and thirty millions of dollars, and says it is "a superfluous burden" on the nation.

The fact of a treasury surplus does not compel the abandonment of the protective system. There other modes of obtaining the revenue. The present accumulation, be it large or small, can be wisely expended in the purchase of bonds, and will thus reduce the annual charge for interest on the public debt. Taking into account important objects for which judicious outlays can be made, there is no immediate necessity of agitating the question whether to surrender our protective system, or to repeal entirely our internal taxes.

The Republican party holds that a protective tariff is constitutional, wholesome and necessary. We do not offer a mixed schedule but a principle. We will revise the schedule, modify rates, but always with an intelligent provision as to the effect upon domestic production and the wages of our working people.—Gen. Harrison's Letter of Acceptance.

The time has passed when we need to invite immigrants. On the contrary, there is need now of some inspection and limitation. Industrious, orderly, upright comers will be welcome, if they co us to seek here a home; but there are classes that should be carefully excluded.

The Democrats have magnified and nursed the surplus which they affect to deprecate, seemingly for the purpose of exaggerating the evil in order to reconcile the people to the extreme remedy they propose.—Gen. Harrison's Letter of Acceptance.

REPUBLICAN RECRUITS.

Dr. Stewart, a prominent Democrat and leading physician of Warren, Pa., has declared for Harrison.

Jerry Cooper, a leading citizen of Johnson township, Clark county, Ill., and a lifelong Democrat, has come out squarely for Harrison and Morton.

In Perry, N. Y., the Democrats have not a single recruit from the Republican ranks, while the latter can name over a dozen from the Democrats and Prohibitionists.

Deanna Connors, who last Fall was the Democratic candidate for Alderman in the Ninth Ward of Buffalo, now flies over his place of business the biggest Republican flag in the ward.

Bishop Joyce, of the M. E. Church, having been claimed as a convert to the Prohibition cause, writes: "I am a Republican in politics and shall vote for Harrison and Morton. I am a thorough non-partisan Prohibitionist. The Methodist discipline on temperance is a non-partisan prohibition utterance."

George B. Hibbs, of Rockport, Ind., writes to a friend in Columbus: "I wish to state that I will vote for Gen. Harrison and can name many others in old Spencer county that have never voted anything but the Democratic ticket before—same as myself." Mr. Hibbs' reported conversion to Republicanism had been questioned, and this was his emphatic manner of setting all doubts at rest.

J. J. Cole, foreman of the Indianapolis car-works, who has heretofore been a Democrat, announces in an interview that he will vote the solid Republican ticket this year. Mr. Cole says: "I am not leaving the Democratic party—it is leaving me. Since 1860 I have voted the Democratic ticket, and I can say one thing that but few men can. As long as I have been a voter I have never scratched a ticket. Never in my life have I voted even for a Republican Councilman or Constable."

It is stated that at a Harrison and Morton meeting in Hornellsville, N. Y., a few days ago, a man who never voted anything but a Democratic ticket in his life was made Chairman of the meeting, six ex-Democrats were made Vice-Presidents, six more were made Secretaries, and one of the two speakers was a man who stumped the State for Cleveland four years ago. Four years ago Cleveland carried the township by 83 majority; this year it is expected to give 200 majority for Harrison and Morton.

CONSTITUTIONAL AMENDMENTS.

Judge T. H. Wells contributes the following to the Carson Tribune.

Editor Tribune: There seems to be some misunderstanding in the minds of the people as to what proposed amendments of our State Constitution are to be voted upon at the general election November 6, 1888.

Certain amendments were proposed during the last session of the Legislature, in 1887, and "referred to the Legislature then next to be chosen," that of 1889, to be chosen November 6, 1888. These amendments, as required by the Constitution, are now being published in the "Daily Territorial Enterprise," and if "agreed to" by the next Legislature, of 1889, they will then be submitted to the vote of the people, for ratification or rejection, at such time and in such manner "as the Legislature shall prescribe;" but they are not to be, cannot constitutionally be, voted upon this year.

The amendments to be voted upon on November 6, 1888, are printed in the "Statutes of Nevada, 1887," beginning on page 165, and ending on page 170. There are ten of them.

George, Thomas and Henry Chambers, of Buffalo, have dropped to the Republican side because they prefer protection to free trade.

How He Advertised.

A gentleman, living in a small city in the West, had inherited consumption from his father, and the doctor told him he must die. He stopped taking their weakening phyllo and tried Dr. Pierce's Golden Medical Discovery. In three months he was strong and well. The gentleman's neighbors knew how sickly he formerly was, and asked him to state in public how he had been cured. He advertised to lecture on a certain evening, in the public hall, and there was a large audience present. This was his lecture: A picture of himself, before, and one after, he tried the remedy, and five empty bottles of Dr. Pierce's Golden Medical Discovery. He said nothing, but convinced his audience just the same.

It outwits all—Dr. Sage's Catarrh Remedy.

Facing the Truckee—The Aristocratic Riverside Avenue Driveway—Splendid Sewerage—Healthy Location and Safe From Fire.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of the Tract, which is situated between the Central Pacific Railroad and the Truckee River, and commences on the west at a point three blocks distant from Virginia Street, making it the most central and convenient of any portion of the rapidly growing town of Reno. Unlike any other part of the town this Addition faces the beautiful Truckee River and Riverside Avenue is certain to become the fashionable driveway of the country. The streets are 80 feet wide, while Riverside and Keystone Avenues are intended to be 100 feet in width. All alleys are 20 feet wide. The soil is a rich gravelly loam, and susceptible of the highest state of cultivation. Being situated as it is it is more safe from fire than any other section. The regular lots are 50x140 feet. The sewerage is perfect.

Mixed paint, the best in the world, all colors, at Osburn & Shoemaker's.

The ladies should take more interest next year. The tournament should be made a great feature.

There was a slight rain storm last night at 9 o'clock. Let it rain now all it wants to. The Fair is over.

The JOURNAL force took in the Fair yesterday, hence the paucity of reading matter this morning. Even the editor was tired.

There will be a meeting of the State Board of Agriculture in a few days. All persons having claims against the Society are requested to hand them in to the Secretary.

J. M. Dorsey, of Fort Halleck, cut 450 tons of alfalfa hay from 90 acres of land this season. This goes to prove that Elko county is as well adapted to its growth as any county in the State.

LIGHT CROPS.—The Elko Independent says:

Elko county, once noted as the principal grain raising county of the State, will not produce more than half enough barley to supply the home demand. Heretofore the yield of wheat has been sufficient to keep three mills running, furnishing flour, not only for home consumption, but also a large quantity for shipment to Eureka and other points. This year there has not been any more raised than will be needed for chicken feed. As far as heard from the yield has been large, but the number of acres planted to grain has been much less than in former years. Alfalfa is gradually taking its place, the farmers finding that it pays better than grain.

PLEADED GUILTY.—The Court convened yesterday morning and the case of Charles Hamburg charged with stealing a horse of T. G. Herman, at Wadsworth, was disposed of by his entering a plea of guilty. He waived time for sentence, and was sentenced to one year in the State Prison.

The Carson Tribune says:  
The Pavilion exhibit of the State Fair, Reno, is the poorest seen for years. Outside of this department the Fair is the greatest success ever attained in Nevada.

THE WIND-UP.

The Blue Ribbons—Close of a Satisfactory Meeting.

The last day of the Fair was wound up with red lights and all the other glare that makes a fitting finale of a successful week. The attendance was large, and the sport fine. The stook parade at 11:30 was a pleasure to everybody, and the blue ribbons especially a satisfaction to those who won them. The final premium list will appear hereafter.

The first race was the 2:23 trot, and the crowd eagerly awaited the appearance of Sensation, Victor and Valentine. When the grey horse and Tommy Keating showed up the clapping of hands and cheering of the multitude testified the desire for victory for Reno. Valentine had the pole, Sensation second, Victor outside. The pools sold Sensation \$25, Victor \$10, Valentine \$10. At the second start the horses were tapped off. Victor broke, and before the quarter was reached Sensation had headed Valentine, and kept that position under the wire in the same notch that the three great heats of Tuesday were trotted—2:23½. The audience clapped loudly as the grey passed under the wire. Valentine was second. The Mutuals paid \$7.90.

The second heat was more exciting than the first, for on the first turn Valentine headed the favorite, which Sensation did not recover from until the stretch was reached, when Sensation went ahead in good shape, and won in 2:24. The Mutuals paid \$7.80.

The third heat was similar to the other two, and was won by Sensation in 2:23½.

The pacing race was won by Belmont Boy without any sort of a contest. Peshontas beat Sam Lewis. Time 2:32, 2:33, 2:33.

The three-quarter dash between Ogzilla, M. is B. and Polity was won by Ogzilla, Minnie B. second. Time 1:19½.

**PLATFORM AND RESOLUTIONS.**  
The Republicans of the State of Nevada in convention assembled again express their loyalty to the principles of the Republican party, which have made the country so great and prosperous during the last quarter of a century.  
**Resolved,** That the question of a sufficient supply of a circulating medium to maintain a permanent range of the price of labor and property is the most important political question awaiting solution by the American people.  
**Resolved,** That a diminishing quantity of money reduces the price of labor and property increases the obligation of contract, enriches the creditor, impoverishes the debtor, and paralyzes industry and enterprise.  
**Resolved,** That the present financial system of the United States, which increases or diminishes the circulating medium at the pleasure of the manipulators of the National banks, without regard to the interests of the people or the value of the people, and which recognizes gold alone as the standard of value, and places in the hands of the Treasury Department all the revenue of the Government to speculate with in bonds and loan to National banks without interest, is subversive of the rights of the people, oppressive, unjust, and should be repudiated.  
**Resolved,** That a financial policy whereby both gold and silver shall form the basis of circulation, whether the money used by the people be coin, or in certificates redeemable in coin, or both, as convenience may require, is imperatively demanded.  
**Resolved,** That the attempt to substitute National bank notes, costing the Government millions of dollars annually, for free silver, costing nothing, is an outrageous scheme to reap the money ring or trust, which has usurped the sovereign power of the Government to issue money, and which has fraudulently demonetized silver and seized the revenues of the Government for private speculation, shocks the moral sense of the people and destroys respect for Government and law. We demand that this ring or trust be destroyed and equal rights restored to all people.  
**Resolved,** That we charge that President Cleveland is the willing tool or agent of a powerful money ring which fattens the subsidies the Government makes war on silver, issues its paper currency at the expense of the Government, borrows the revenues raised by taxation, and uses them without the payment of interest, contracts the currency to enhance the value of bonds, and enriches the usurers while it depresses the price of labor and property.  
**Resolved,** That we favor the nomination of no man for President who is personally interested in National banks or the bonds and debentures of the United States, but we demand a candidate who is free to do justice to all the people of the country, the poor as well as the rich.  
**Resolved,** That the trickery of the President and the Congress by which a vote in the House of Representatives on the Beck silver amendment to the Bond purchasing bill, equals the villainy of the secret and fraudulent demonetization of silver in 1873.  
**Resolved,** That we are in favor of the protection of home industry, and that the laborers of this country have a right to all the work required to supply the people of the United States, and that we are in favor of high wages in this country, and to that end will protect the wage workers competition with the labor of other lands.  
**Resolved,** That the policy of the Government should be inaugurated and established by the people through their representatives in both Houses of Congress, and not by the President or the money trust, of which he, either as agent or head, is most active in defending.  
**Resolved,** That we charge President Cleveland with violating every promise he made in favor of civil service reform, with crippling the mail services, with refusing to sign necessary bills for the improvement of rivers and harbors, with using the power of the Administration to prevent appropriations for a navy and coast defenses, with attempting to destroy the protective tariff, with courting the good will of other nations at the expense of the citizens of the United States, and with joining the foreign bondholders to demonetize silver and destroy the industries of our country, and for the reduction of wages of the Mint employees at Carson. For closing the Carson Mint when it was not only self-sustaining but a source of revenue to the Government, for its contemptuous veto of pension bills for the relief of disabled soldiers and sailors, and for failing to construct the Government building at Carson as required.  
**We are in favor of the absolute exclusion of Chinese, and the restriction of immigration, by which the present overcharged condition of the labor market is made worse, and also favor legislation by which a revision of our naturalization and land laws may be accomplished.**  
**We demand, in behalf of our various industries, the retention of the duties on lead, borax, soda, hides and leather, and to restore the tariff of 1867 on wool.**  
**Resolved,** That we recognize the right of labor to organize for its lawful protection.  
**Resolved,** That we favor the submission by the Legislature to the people of an amendment to the Constitution giving the Legislature the power to regulate the liquor traffic.  
**We favor liberal appropriations by Congress for hydrographical and topographical surveys in this State to the end that the waste waters may be preserved for the purpose of irrigation.**  
**We endorse the wise and conservative administration of Governor U. S. Stevenson, and we heartily commend the able efforts of Senators Stewart and Jones and Representative Woodburn in behalf of the interests of the people of this State.**  
**We favor the granting to Nevada of all Government land within the State for the purpose of providing means for irrigation and other improvements.**  
**We favor the reduction of the Treasury surplus by the payment of pensions to Union soldiers, their widows and orphans, the improvement of rivers and harbors, the building of defenses for our sea-coasts, the erection of public buildings, the creation of a navy, the purchase of bonds and the repeal of the internal revenue laws taxing tobacco.**  
**It is the duty of the State to maintain free non-sectarian schools in the rural and sparsely settled districts as well as in towns and thickly settled sections, and that such a division of the school money should be made as will furnish the means of education to all children in the State.**  
**We are in favor of re-opening the Carson Mint for coinage, and raising the wages of its employees to the standard paid by the last Republican Administration.**  
**We demand the restoration of the mail service in this State to the efficiency maintained by the last Republican Administration, and favor the payment of fair wages to all postal employees.**

**PLATFORM.**  
The Republicans of Washoe, proud of the past and hopeful for the future, heartily endorse the platform and nominees of the National Republican Convention, as adopted at Chicago, and the Republican State Convention at Winnemucca, and pledge a rousing majority for Harrison and Morton and Protection, and Murphy and Bartine and the ticket nominated by this Convention. We demand legislation from both Government and State in regard to irrigation, and for the improvement of our natural waterways, as well as for the storage of water, whereby the natural advantages of this section can be improved to their fullest capacity. We demand the most rigid economy in State and county affairs, and the establishment of the State's expenses upon such a basis as will secure good government at the lowest rate of taxation. We mean to see that a rate of seventy-five cents should be and is sufficient to provide revenue for the State Government.  
In view of the rejection of the new Chinese treaty by the Mongolian Government, we demand the total and absolute exclusion of all Chinese, and they must go.
